Easy connection

The essential solution for your garden!

Fast installation

HDPE SOLAR SHOWER

ΗΑΡΡΥ 4Χ4

The Happy 4×4 solar shower contains the highest water capacity of its range.

Equipped with a 44L water tank that heats up entirely with sun generated heat. The Happy 4×4 is therefore 100% eco-friendly.

> A straight connection to a water inlet is all that is needed to fill up this solar shower. Its enlarged base ensure the Happy 4×4 stability, which is easy to install.

Made of Polyethylene HD, its elegant design declined in 5 trendy colours and its curvy shape will perfectly suit your outdoor spaces.

44L solar shower
